

## ● AT A GLANCE

The STEM Pathway Program at La Sierra provides support to students who are pursuing bachelor's degrees in STEM fields. We offer clear course schedules, holistic advising and a variety of resources to support you in your college journey and help you make informed decisions about your future career.

## ● OUR GOALS

- To support students in a pursuit of a STEM degree
- To mentor students in their transition to college life
- To ensure students graduate on time and have the resources they need to succeed in a STEM career
- To build community and connections among students and professionals in STEM

website

## ● About Us

STEM Pathways is funded by Title V, a 3-million-dollar grant awarded by the Department of Education to La Sierra University in Oct. 2019. Title V aims to increase access to science, technology, engineering and mathematics degrees and career opportunities to Hispanic and low-income students across the Inland Empire.

## Why join STEM Pathways?

You are more likely to graduate on time if you have a clear roadmap to follow and a community to help you stay on track.

## Direct Access

We connect you with peer mentors, faculty advisors and alumni with careers in STEM to help you make informed decisions about your career.

Enjoy in-person and virtual social events, student-led study sessions, and personalized guidance through college life.

## Resources

### STEM Support

Support group sessions to share and assess goals, struggles and solutions

### Peer Mentoring

Connect to a returning STEM student for year-long mentorship, support and connection to campus resources

### Peer Led- Learning

Study sessions for STEM classes led by students who have already successfully taken the course

### Support Mapping

Academic tracking and support plans designed for individualized needs

### STEM Summit

Panels on subjects imperative to STEM majors with an emphasis on career exploration
